SECTION 9. IC 22-4-25-1, AS AMENDED BY P.L.138-2008, SECTION 4, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE JULY 1, 2009]: Sec. 1. (a) There is created in the state treasury a special fund to be known as the special employment and training services fund. All interest on delinquent contributions and penalties collected under this article, together with any voluntary contributions tendered as a contribution to this fund, shall be paid into this fund. The money shall not be expended or available for expenditure in any manner which would permit their substitution for (or a corresponding reduction in) federal funds which would in the absence of said money be available to finance expenditures for the administration of this article, but nothing in this section shall prevent said money from being used as a revolving fund to cover expenditures necessary and proper under the law for which federal funds have been duly requested but not yet received, subject to the charging of such expenditures against such funds when received. The money in this fund shall be used by the board for the payment of refunds of interest on delinquent contributions and penalties so collected, for the payment of costs of administration which are found not to have been properly and validly chargeable against federal grants or other funds received for or in the employment and training services administration fund, on and after July 1, 1945. Such money shall be available either to satisfy the obligations incurred by the board directly, or by transfer by the board of the required amount from the special employment and training services fund to the employment and training services administration fund. The board shall order the transfer of such funds or the payment of any such obligation or expenditure and such funds shall be paid by the treasurer of state on requisition drawn by the board directing the auditor of state to issue the auditor's warrant therefor. Any such warrant shall be drawn by the state auditor based upon vouchers certified by the board or the commissioner. The money in this fund is hereby specifically made available to replace within a reasonable time any money received by this state pursuant to 42 U.S.C. 502, as amended, which, because of

any action or contingency, has been lost or has been expended for purposes other than or in amounts in excess of those approved by the bureau of employment security. The money in this fund shall be continuously available to the board for expenditures in accordance with the provisions of this section and shall not lapse at any time or be transferred to any other fund, except as provided in this article. Nothing in this section shall be construed to limit, alter, or amend the liability of the state assumed and created by IC 22-4-28, or to change the procedure prescribed in IC 22-4-28 for the satisfaction of such liability, except to the extent that such liability may be satisfied by and out of the funds of such special employment and training services fund created by this section.

(b) Whenever the balance in the special employment and training services fund ~~is deemed excessive by the board; exceeds ten million dollars (\$10,000,000),~~ **exceeds ten million dollars (\$10,000,000),** the board shall order payment **of the amount that exceeds ten million dollars (\$10,000,000)** into the unemployment insurance benefit fund. ~~of the amount of the special employment and training services fund deemed to be excessive.~~

(c) Subject to the approval of the board and the availability of funds, on July 1, 2008, and each subsequent July 1, the commissioner shall release:

(1) one million dollars (\$1,000,000) to the state educational institution established under IC 21-25-2-1 for training provided to participants in apprenticeship programs approved by the United States Department of Labor, Bureau of Apprenticeship and Training;

(2) four million dollars (\$4,000,000) to the state educational institution instituted and incorporated under IC 21-22-2-1 for training provided to participants in joint labor and management apprenticeship programs approved by the United States Department of Labor, Bureau of Apprenticeship and Training; and

(3) two hundred fifty thousand dollars (\$250,000) for journeyman upgrade training to each of the state educational institutions described in subdivisions (1) and (2).

Each state educational institution described in this subsection is entitled to keep ten percent (10%) of the funds released under this subsection for the payment of costs of administering the funds. On each June 30 following the release of the funds, any funds released under this subsection not used by the state educational institutions under this subsection shall be returned to the special employment and training services fund.
